Dear Mr. LaFrance:

The NP Group Inc. is pleased to support a DOE initiative for the volume purchase of energy efficient products. The market we work in is prime for the use of these products. We are in the Ann Arbor Michigan area and there are all income ranges and a lot of focus on the environment.

Here at NP Group Inc. we commend your efforts to make these cutting edge products available to the masses. If there is anything we can do to help these efforts, please let us know.

Sincerely,
